Course Description: This course prepares state and local response personnel and other responsible agencies and professionals to handle mass fatalities effectively and to work with the survivors in an emergency or disaster.

This course covers incident management; mass fatalities; planning before and operations during an incident; establishing the morgue; family assistance support operations; and assistance from the Federal government. The course concludes with a tabletop exercise.

Course Goal: Participants will learn to identify the characteristics of a mass fatality incident and identify the roles and responsibilities of key personnel in the incident. In addition, the instructor will describe the steps required to respond to a mass fatalities incident, including catastrophic numbers of fatalities and contaminated remains, and help participants determine their jurisdiction's preparedness for a mass fatalities event.

Registration: Registration Process: To complete registration for the course, students need to visit <https://pa.train.org/pa/home> and create an account or log into your existing account. Once into the

system, use the "search" box at the upper right-hand portion of the TRAIN PA screen and type "G386", hit enter. You will now be taken to the Course Search Results page. Click on our course information. You will be taken to our "Course Details" page. Select "Register" and follow the instructions. Should you need further assistance please contact the POC listed above.
