

Dear Franklin Township Resident:

Franklin Township recently went through a formal bidding process and Republic Services was the low bidder and awarded a two-year contract beginning July 1, 2020. Pricing is firm for the entire contract period and there will be no additional charges over the contracted prices agreed upon by Republic Services.

**Your service day will be changing to Friday for Franklin Township and the first service with Republic Services will be on Friday July 3. Recyclables and trash are to be placed curbside no later than 6 a.m. on your scheduled collection day.**

Because the contract was just awarded on June 10, the first billing will be delayed by 1 month due to not having enough time to get all the accounts set up in time for billing for July 1. Your current service level will be set up as you currently have it with the current contracted hauler, meaning if you have a trash cart, we'll deliver you a trash cart. If you don't have a trash cart, we won't deliver a trash cart. In addition, we'll be providing 64-gallon recycling carts to the township residents which are larger in size than your current 32-gallon bins to help make it easier to put larger pieces of cardboard into your single stream recycling. Carts will start to be delivered the week of June 29. Please also reference the recycling section of this mailer as items that can be recycled have changed in the country since the last contract.
